EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

Response to Arguments

1. Applicant's arguments, see pages 8 and 9 of the after-final amendment, filed December 14, 2005, with respect to claims 58-61 and 64-67 have been fully considered and are persuasive. The rejection of claims 58-61 and 64-67 has been withdrawn.

2. Claims 58-61 and 64-67 are allowed.

3. The following is an examiner's statement of reasons for allowance:

Regarding claims 58, 60, and 64-67, the primary reason for allowance is that the prior art fails to teach or reasonably suggest retrieving information pre-recorded in the detachable recording medium for determining a file name, the information comprising a character to appear in the file name, and determining a file name in accordance with the information retrieved from the detachable recording medium, wherein the file named comprises a leading portion and an extension, wherein the leading portion comprises the character from the information retrieved from the detachable recording medium and a serial number, wherein the character precedes the serial number.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
